At the top, there is a 'Hosted Catalogs' header with several icons. Below this, a 'Match Material' button is visible. The main area shows a form with various fields: 'UNSPSC' (set to 12350000), 'Pkg Quantity' (500), 'Package Unit of Measure' (ml), and 'Number Units/Item' (1). The 'Internal Note' field is highlighted with a red box, and a red arrow points from it to the 'Note:' text in the left column. There are also two red circles: one around the 'Match Material' button and another around the 'Internal Note' field.</p>
